...

At the end of last night's very long council meeting, Hany presented the work he's been doing representing us in a key decision the Metro will be making concerning the Green Line and our connectivity to the Expo Line to get to places like Culver City, Santa Monica, etc. During that discussion Mary gave a shout out to THRIVE and our work (specifically Bob Wolfe) on this topic. Justin commented how great Hany's letter to the Metro was, and Hany said that it was Bob who actual authored it. Bravo to Bob Wolfe for your great work! 🍌🍌🍌

Happy Summer THRIVERS!!!!

Time for BIG Meeting #5! Tomorrow please check your email for a Doodle calendar. We have lots to discuss including STEP, the ThriveCast/Podcast and a few other things. We also need your ideas and your willingness to support those ideas. We are a young organization - we made lots of headway in a short time but we haven't even scratched the surface. Remember THRIVE is about identifying problems, finding solutions and taking action...this is an amazing group - we can make some great things happen. YAY!!!
